

A Prayer Offered on the Beginning of the Beth El Nursery School Year

Rabbi Francine Roston

September 8, 2005

Ribbono Shel Olam, Master of the Universe,
Master of Miracles great and small...

Watch over our miracles...
And bring miracles to our daily lives...

Help us to guide our children and our students so that their time here at Beth El is
miraculous—bringing sparkles to their eyes and tears to ours, inspiring us all with
their growth and accomplishments.

Help us to remember the proper forms to send, and correct times to show up...Help
us find places to hang all their artwork and places to use all their beautiful projects
in our homes...Help us to connect with each other and enjoy a community of
parents and children that enjoy and celebrate your miracles...

May the first weeks be filled with more smiles than tears.
May we all be strengthened by the beginning of the Nursery School year.
And may we all be privileged to witness your sacred miracles daily through the
eyes of your children.

And let us all say: Amen.
